

Ref. 1359

CAPS SAFE PROTECT

Micro-encapsulated protective softener.

It's an ultra-concentrated fabric softener with encapsulated perfume in micro-pearl form. It impregnates fabrics with fresh and long-lasting fragrances, released gradually by friction. It also gives treated garments a soft and fluffy feel. Its cationic character provides high deodorising power and inhibits electrostatic charges to facilitate flatwork ironing. Protective action that prevents the proliferation of microorganisms on fabrics for more than 7 days. Complies with the regulation UNE-EN ISO 20743-2014 (Determination of the antibacterial activity of textile products). The product is designed to be applied with PGS® Systems dosing equipment. Eco-friendly ECO SAFETY® bag-in-box packaging for a safer application.
